Comparative Scores Give Tigers Shade Over C. A. A. Eleven

City Championship Will Be Settled By Thursday's Game

Association Football Team Has Advantage Over High School in Weight, But the Tigers Will Play Open Style Game and Rely on the Kicking of Schumacher and Shea.

BY SHARON S. ULBEY.

The High school based the big game on Thanksgiving day which will determine the city championship. On this date the Tigers meet the strong team representing the Catholic Athletic association and they realize that it will require their best game to defeat the association.

The High school has the strongest team that has ever worn the Orange and Black. For the first time in the history of the High school, has a team held New Mexico State College to a tie score as the Tigers did when they met the Aggies on their own grounds

The High school has the strongest team that has ever worn the Orange and Black. For the first time in the history of the High school, has a team neid New Mexico State College to a tile score as the Tigers did when they met the Asgies on their own grounds at Mesilla. The Tigers also showed that they could play real football when they defeated Roswell High school, 7 to b. This was one of the hardest games on the schedule and also one of the most important as it gave the Tigers clear ciaim to the Southwestern High school championship.

Since winning the title of Southwestern champions the team is determined to add to its title the honor of the City championship. The team that wins on

champlonship. The team that wins on Thanksgiving will have clear claim to the local title as both the High school and the C. A. A. have defeated the strongest teams representing the stmy stationed on the border.

Team Has Daily Scrimmage. Coach Bell has been giving the team daily scrimmage practice since the return from Roswell and exocuts some new plays will completely bewilder the association on Thursday. Bell has determined that the Tigers must play the new style of football in this game the new style of lootball in this game because the association team will be much heavier and its line is practically impregnable. For this reason he intends to use the forward pass to carry the ball within striking distance of the association's goal and then to place his faith in the kicking ability of Schumacher and Shea to score by the air route

Bell is fortunate in having two kick-ers of real ability and if they get the ball within 40 yards of the goal either. Shea or Schumacher is a dangerous man for the opposing team.

Shea of Schumacher 18 a dangerous man for the opposing team.

Expect a Close Game.

If any faith can be placed in comparative accres the game should be extremely close and the result in doubt until the last second of play. Both teams have played Troop A cavalry team, and New Mexico State college. In the first game of the season the Tigers defented Troop A in a hard fought game is to 0, scoring two touchdowns and a drop kick. The following Saturday the C. A. A. playing its first game met the same team and he will be playing his last game when the seame the same team and he will be playing his last game for the High school as he will synduate in January.

Cincinnati, O., Nov. 25.—It has been officially announced by the board of directors of the Cincinnati Reds that Joe Tinker, manager of the team last season, will not manage the team during the season of 1914. Inability to come to terms with Tinker is given as the reason for reaching this conclusion. August Herrmann, as president of the club, said that no further statement would be issued by the club at this time. He declared at present the club had no one in sight to take charge of the team in 1914. It is understood that Tinker will not be given his release outright. How about some red fende? a return trip on the "white meat, please" route) has evidently come into his own. Thanksgiving day is again Turkey day, so far as the intrusion of any football championship of consequence is concerned.

There was a time when football threatened to obscure the Turk, on November's final Thursday; but the scheduler of the recent past and of this season show that football is withdrawing from the Thanksgiving arena, reason known only to the college faculties of the country.

Saturday's schedules practically concluded the important championships, the eastern, western and valley conference titles.

For Thanksgiving day there remain only a few battles of local or pothodiling importance, such as the Cornell-Pennsylvania, the Brown-Carliste the Texas-Notre Dame contests.
